

KANCHRAPARA COLLEGE

ONLINE PRIVATE TUTORS FINDER SYSTEM

Advisor

SACHIN KUMAR SHAW

Student

JIT HAZRA & SAINI PAUL

Goal Of The Project

- I Provide a simple platform where students can find and book tutors.**
- II Allow students to schedule sessions based on tutor availability.**
- III Tutors can view and manage their scheduled sessions efficiently.**

Functionality of the project

- I Students can search for available tutors based on requirements.**
- II Tutors can update their available time slots for booking.**
- III Students can schedule tutoring sessions, and tutors can view upcoming bookings.**
- IV Secure login and session management for students and tutors.**
- V Store and retrieve tutor details, student bookings, and session history using Database.**
- VI Admin manage tutors, students, and session records for better control.**

Tools of the project

Frontend

- ❖ BOOTSTRAP
- ❖ CSS
- ❖ HTML

Backend

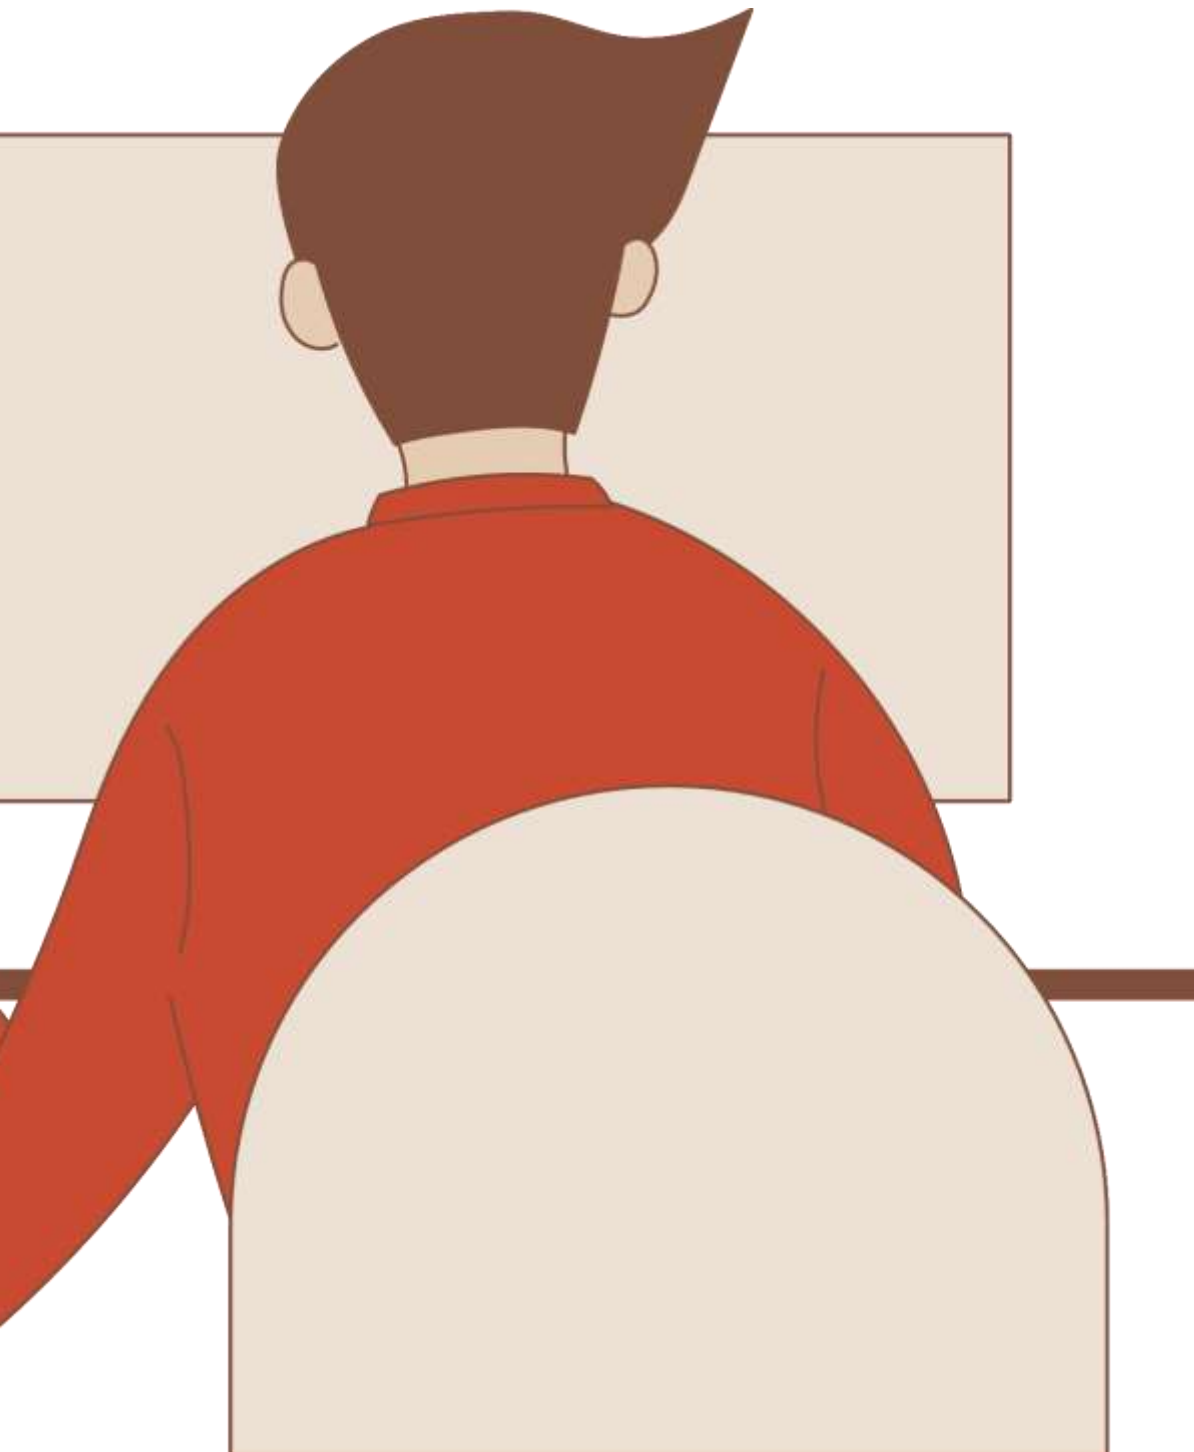

- ❖ DBMS
- ❖ PHP
- ❖ JAVA SCRIPT

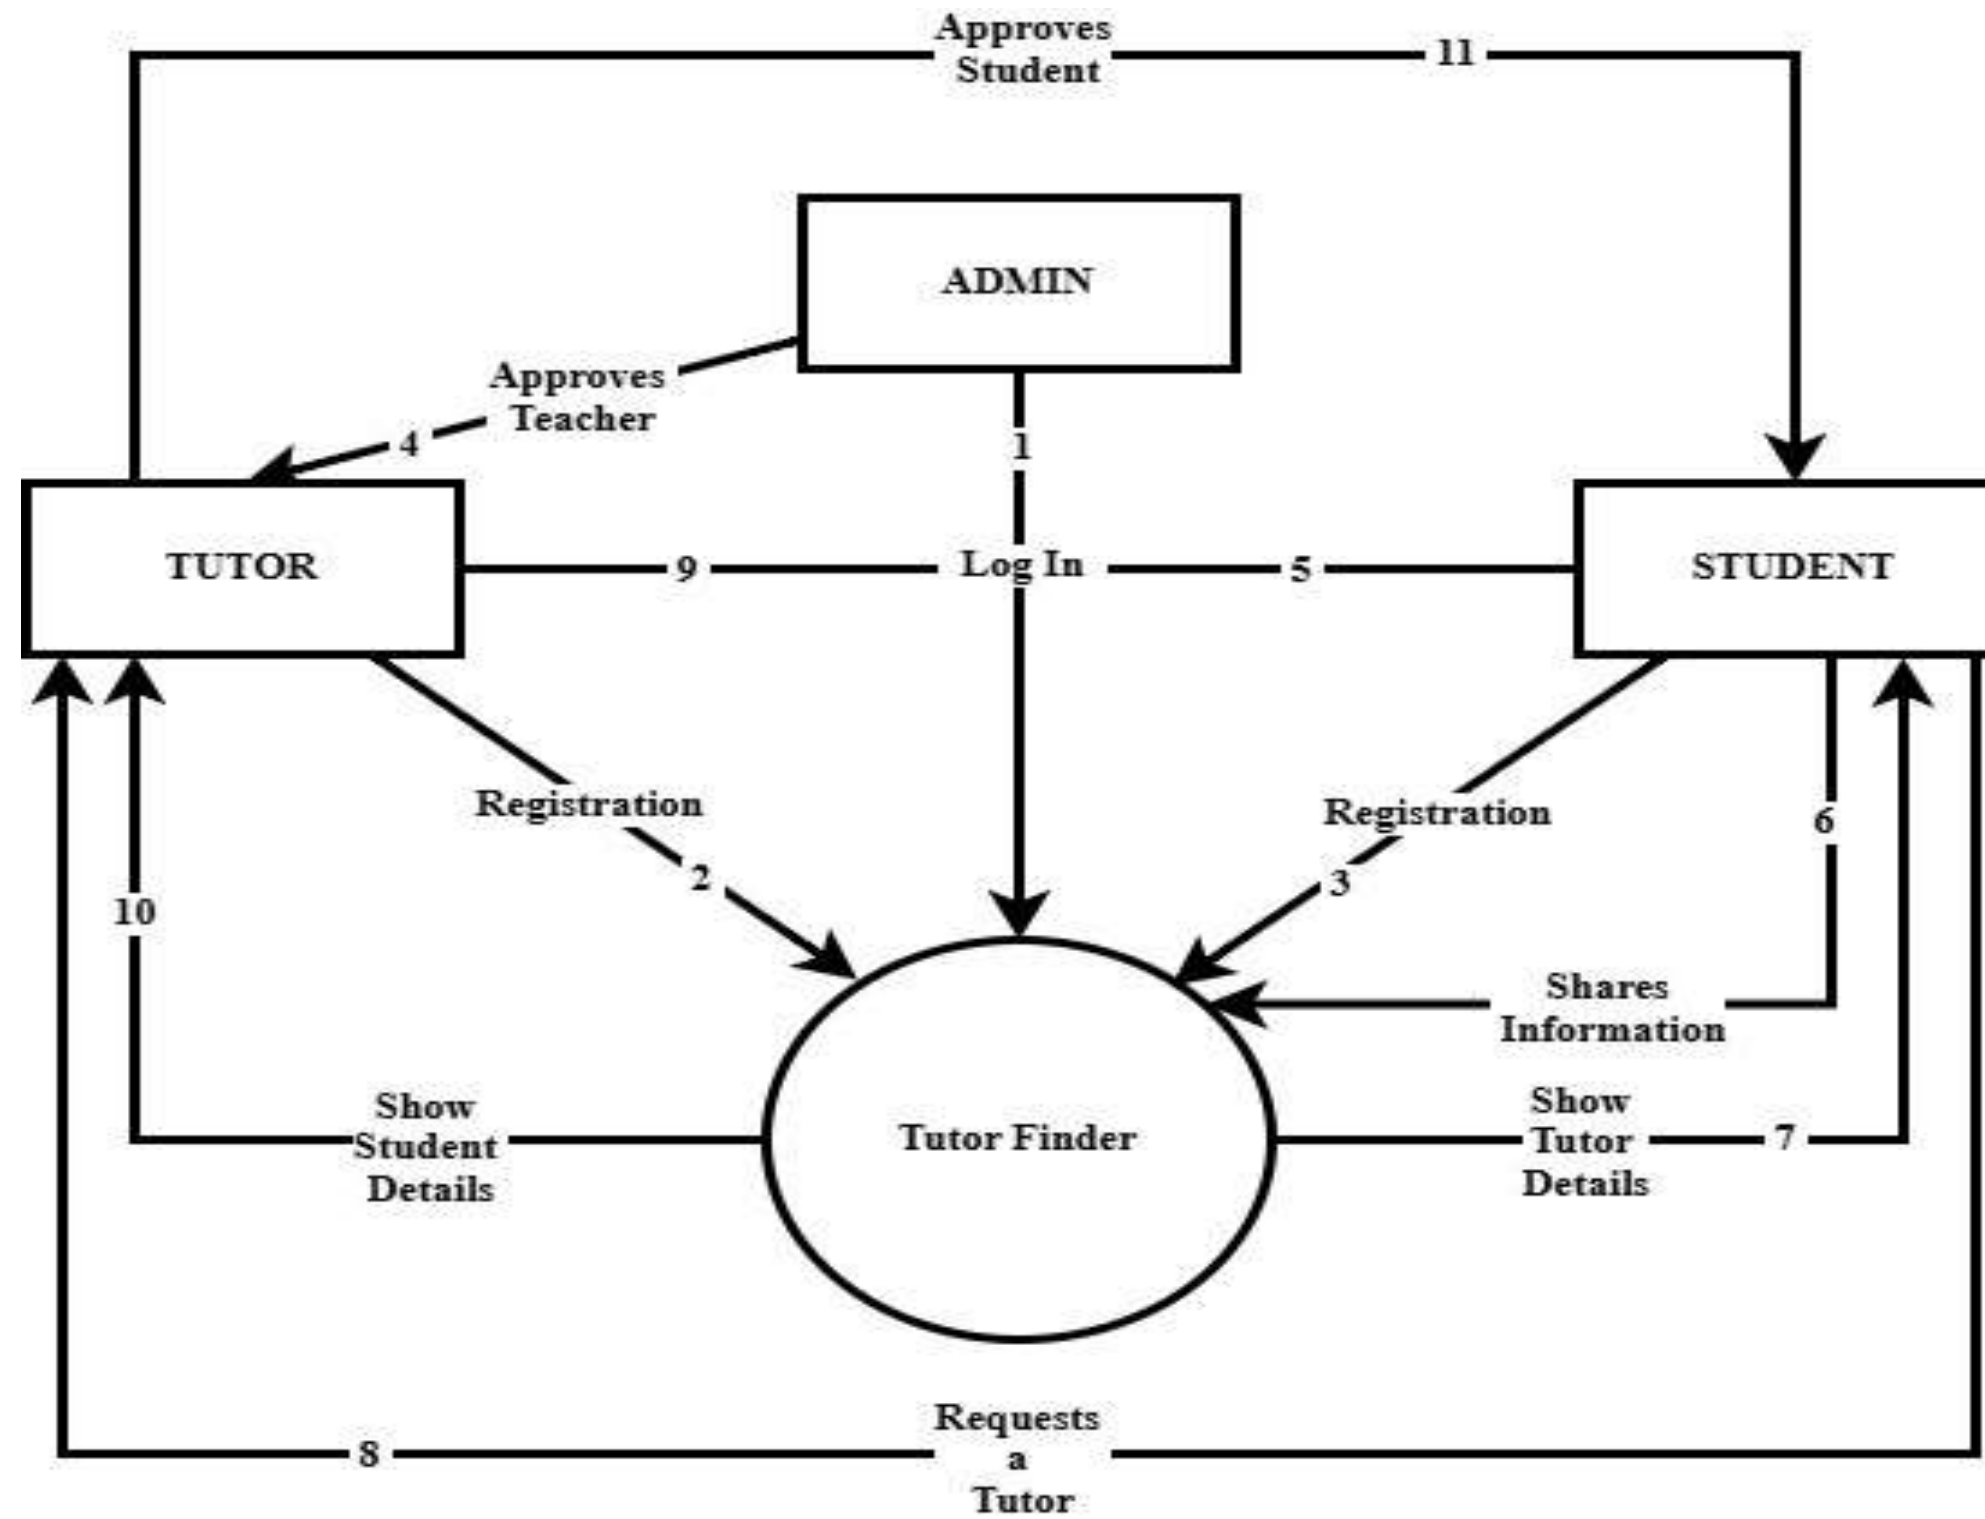

FEASIBILITY STUDY

The main aim of the feasibility study involves analyzing the problem and gathering all relevant information related to the webpage.

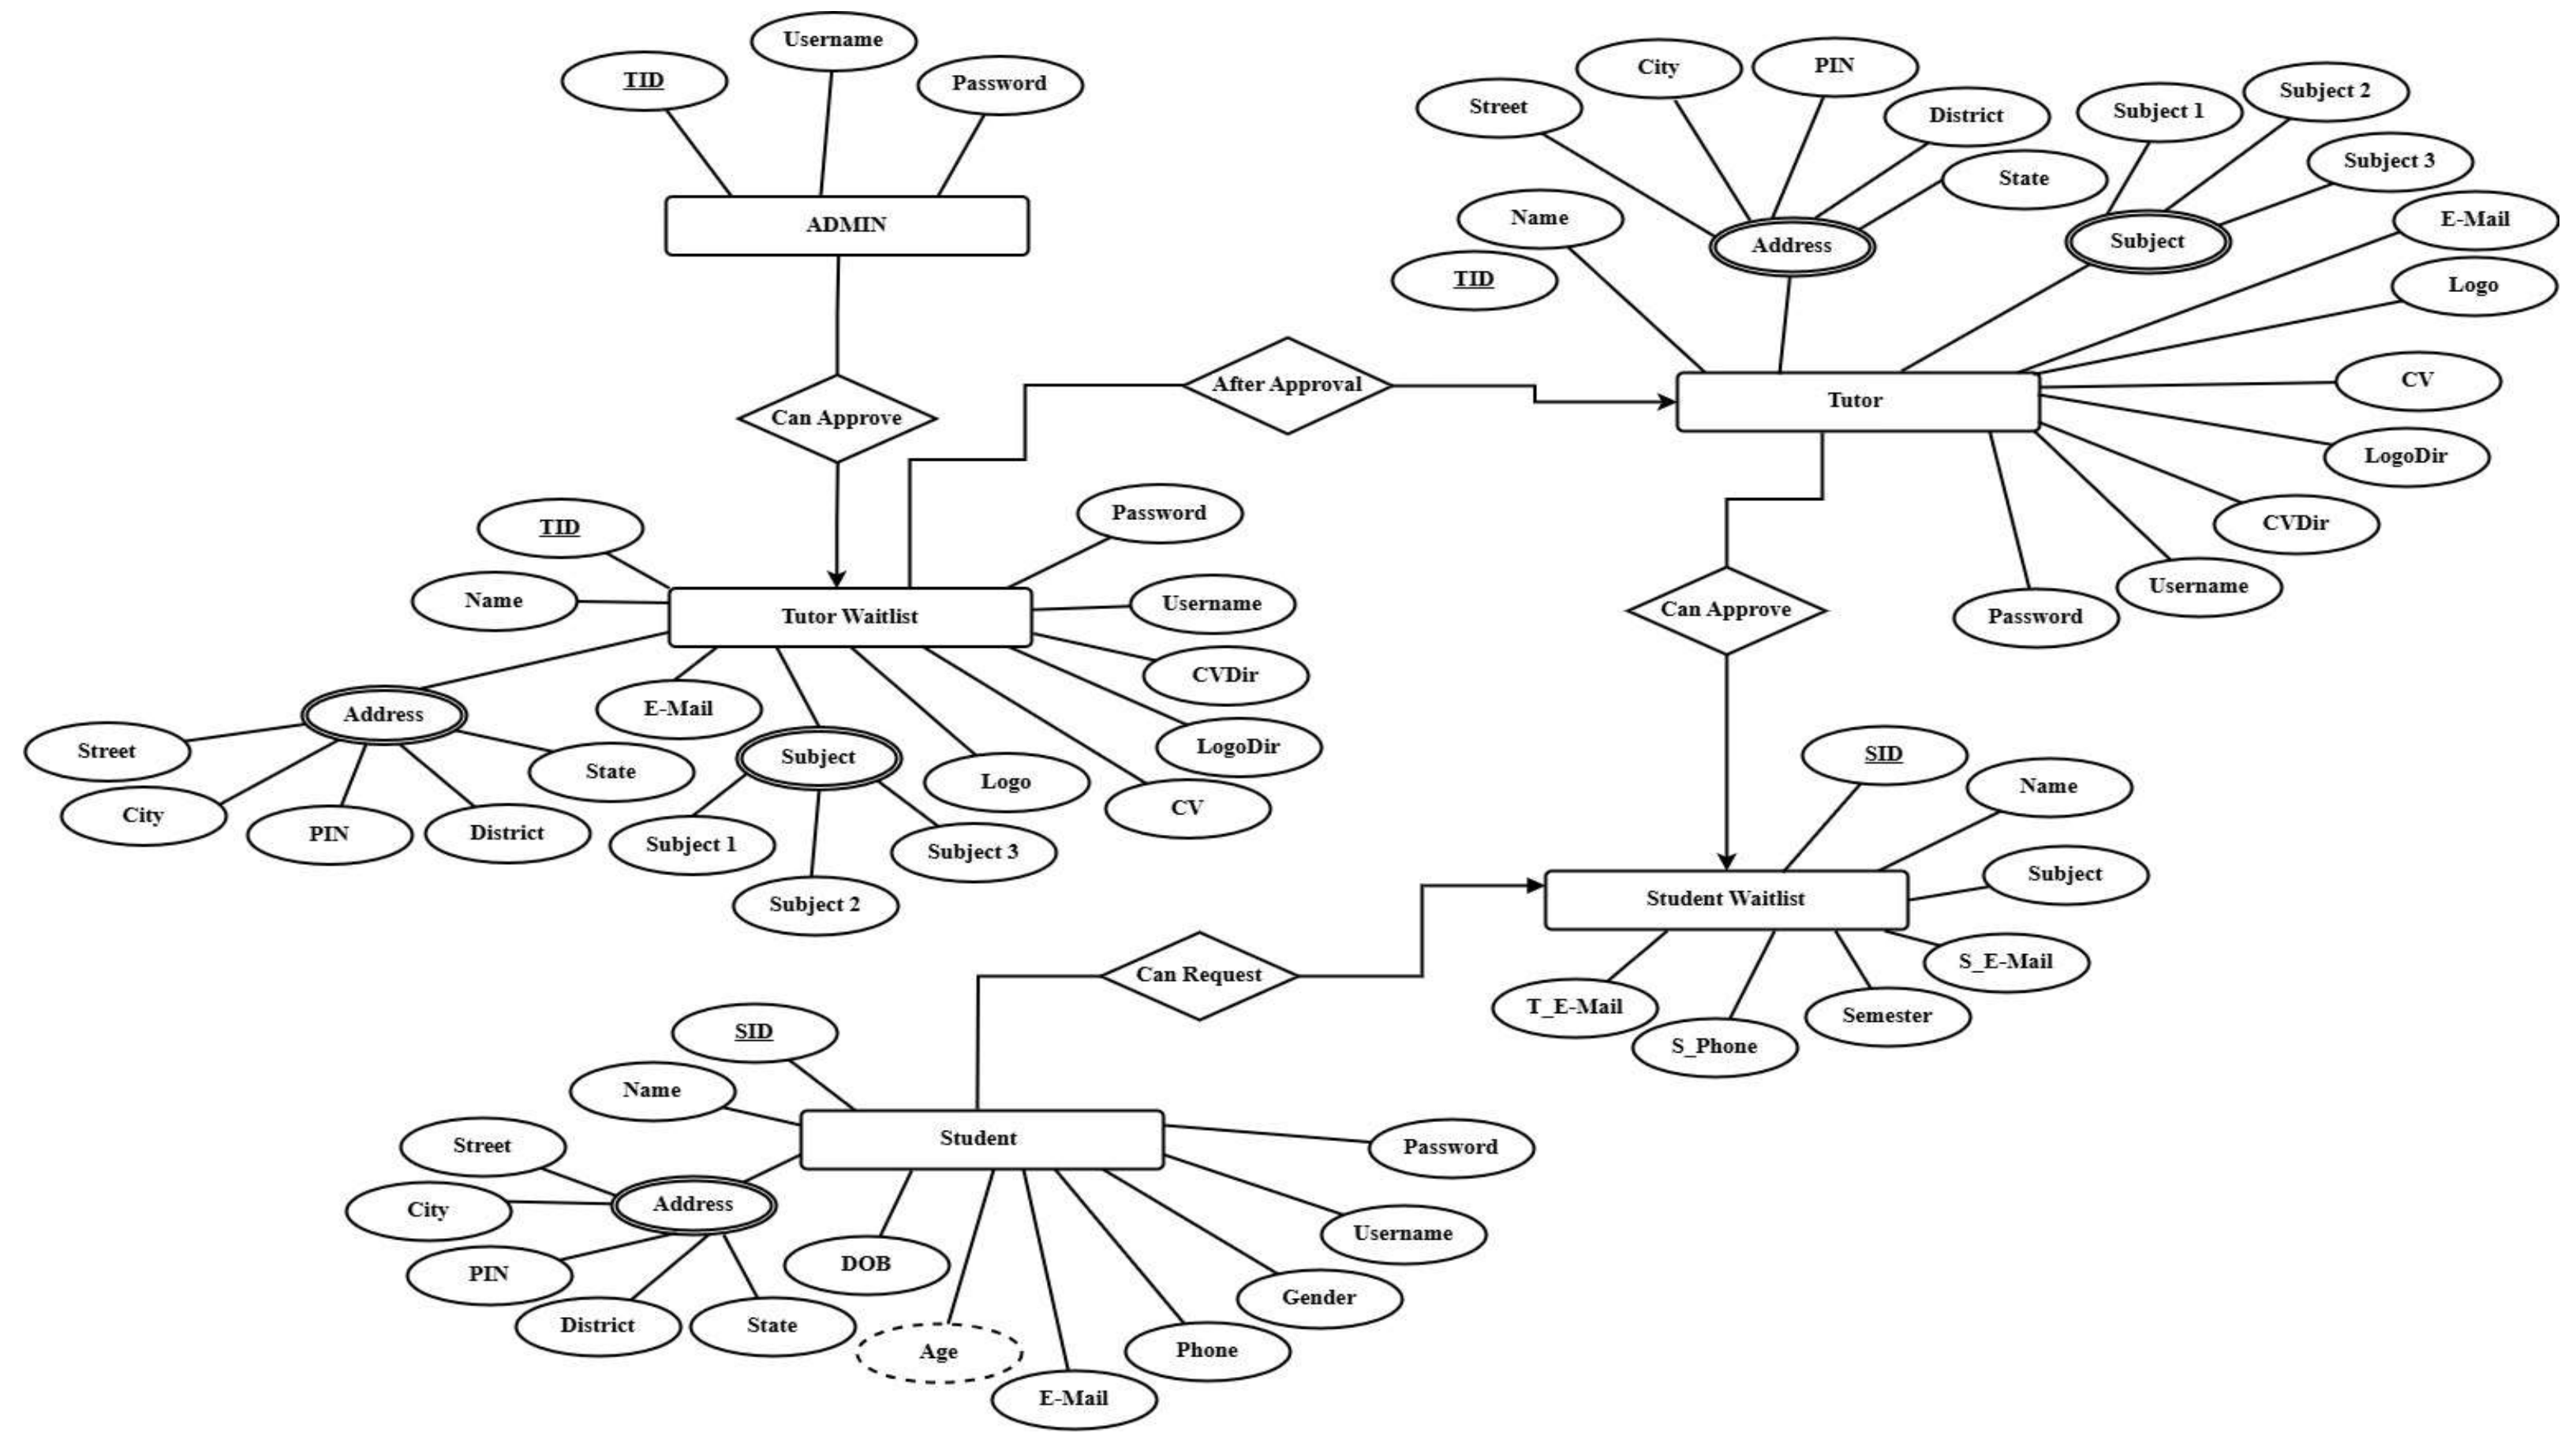

- **Input Data:** User registration details, tutor profiles, subject preferences, booking requests, and payment information (if applicable).
- **Processing Requirements:** Authentication of users, filtering tutors based on subjects/availability, booking management, and database interactions for storing and retrieving data.
- **Output Data:** List of available tutors, booking confirmations, session schedules, and user dashboards.

STUDENT'S SUBJECT SELECTION PAGE

The screenshot displays the TutorFinder website interface. At the top, a light blue header features the TutorFinder logo on the left and right, and a central banner with the text "ONLINE TUTORS FINDER" and the tagline "Making your student life easy". Below the header, the main content area is divided into two sections. On the left, a blue sidebar titled "Quick Access" contains four buttons: "Student Register", "Student Login", "Tutor Register", and "Tutor Login". On the right, a white card with a purple border contains the text "Enter the Subject You Want To Study Right Now!" and a search form. The search form includes a text input field labeled "Enter Subject Name" and a purple button labeled "Search Tutor". At the bottom, a blue footer contains three buttons: "HOME", "CONTACT US", and "GALLERY".

ADMIN LOGIN PAGE

A mockup of an admin login page. The background is a dark, blurred image of a person. In the center, there is a dark gray rounded rectangle containing the login form. The form has a title 'Admin Log In' in red, followed by two input fields: 'Username' and 'Password'. The 'Password' field has a red eye icon to its right. Below the input fields is a red 'Log In' button.

OTP VERIFICATION PAGE

The screenshot shows the 'Online Tutors Finder' website's OTP verification interface. The header is light blue with the site's logo on the left and right, and a central banner that reads 'ONLINE TUTORS FINDER' with the tagline 'Making your student life easy'. On the left side, there is a 'Quick Access' sidebar with buttons for 'Student Register', 'Student Login', 'Tutor Register', and 'Tutor Login'. The main content area has a blue gradient background and features a white 'OTP Verification' box. This box contains a message stating that a verification code has been sent to 'saurav.paul.589@gmail.com', a countdown timer showing 'Time left: 1:47', an input field labeled 'Enter OTP', and a large purple 'Verify OTP' button. At the bottom, a dark blue navigation bar contains buttons for 'HOME', 'CONTACT US', and 'GALLERY'.
